"Enterprise Software Maker Since 1998"

Jamie Chang

I have graduated from St. John's University in New York in late 2018 with the degree of B.S. major in Computer Science and minor in Information Security. I am interested in a career in data security and cyber security field. While I was an intern for presales engineering program at Bimser International Corp, I got an offer for a full time position. Being a presales engineering intern at Bimser has been a great experience. Highly recommended.

Thank you!

ASSET & MAINTENANCE MANAGEMENT

BEAM

Do you need to manage your machinery, equipment, units, spare parts and daily maintenance operations (Periodic, Preventive, Predictive Maintenance) at your facility/plant/mill/factory?

If you do, you can benefit from **BEAM: Asset, Maintenance, Facility and Energy Management Software** in order to manage your assets and maintenance operations effectively.

You can use BEAM on laptop, smartphone and tablets while optionally integrated with your ERP, MES, CRM or other current systems at your company.

DIGITIZING YOUR PAPER-BASED FORMS

Do you have paper-based forms that you fill for every-day operations such as Standard Operating Procedure (SOP) forms, Quality Control forms, Quality Inspection forms, Quality Audit forms, Shipping forms, Performance forms, Gauge-Check forms and so on?

If you do, let us digitize your forms on eBA: Electronic Business Automation Platform!

You can use your digitized forms on laptop, smartphone and tablets while optionally integrated with your ERP, MES, CRM or other current systems at your company.
